Le vaccin est pour tout le monde.

Certaines personnes sont vaccinées en premier

Par exemple :

les personnes âgées,

les personnes malades,

les soignants.

Vaccin

Obligatoire

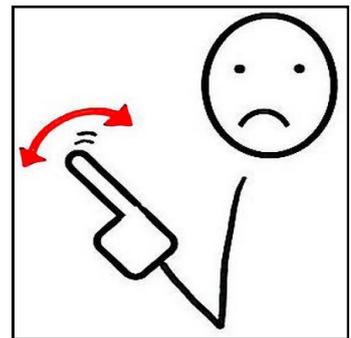

Non

Le vaccin contre la Covid-19 n'est pas obligatoire.

Le docteur me dit si je peux être vacciné.

Je dois dire si je veux être vacciné ou pas.
C'est moi qui décide !

Le vaccin est fait par un soignant.

Le soignant me fait une piqûre dans le bras.

La piqûre est un peu désagréable mais ça ne dure pas longtemps.

Après le vaccin, je continue les gestes barrière.
Tout le monde continue les gestes barrière.

Pour être bien protégé, je refais le vaccin 4 semaines plus tard.
